

If your Pupil Misses a Session

Sometimes a pupil may miss some of their coaching sessions. To make sure pupils don't miss out on the key activities from previous sessions, we have provided some guidance to help you decide which sections are most important.

Within the handbook key activities have a star on the top right hand corner of the page. If your student has missed the previous session you can go back and complete the key activities from the previous session, and then move onto the key activities from the current session. Don't worry if you don't manage to catch up on everything - remember your pupil is benefitting from all the time they spend with you.

Note on Session 2: Session 2 has lots of key activities so if your pupil has missed this one you may spend a bit more time catching up on these - that's absolutely fine as Session 3 has fewer key activities.

Note on Session 4: If your student reaches Session 4 and has missed previous sessions we'd recommend focussing on the Session 4 activities and sector role model conversation.
